

Registration Information

The online registration process will begin on July 15. Online registration information will be mailed home to all parents in late June along with information on the application for waiver of fees. District 207 is moving to a new student information system this year and login information for the new system will be emailed to parents in June.

Teaching Math Using Hands On Approaches

As District 207 works to find new ways to engage students in learning and make the learning more authentic, it has created a course titled Algebra II Machining and Manufacturing. The course is one of several hands-on courses receiving rave reviews from students. In addition, students enrolled are showing higher academic achievement.
